## ASTERN LINE POLEISH ARMY BEEN PIERCED

### Preparations Made to Move Government From Warsaw

Warsaw, Aug. 5.—9 p. m. (By Associated Press) The defensive line at Warsaw has been pierced in several places according to reports from the front. Preparations have been begun for transferring the government, if that move is necessitated by the Russian advance. The officials, however, still hope the Soviet troops will be checked somewhere east of the Vistula.

No announcement has been made as to what place the government would move to, but it is reported it could be Posen or Czesochowa, 143 miles southwest of Warsaw, near the Russian frontier.

**Soviet Crosses River**

Of the developments along the eastern defense line, the word from the front shows that after a halt of several days while reinforcements were being sent forward, the Bolsheviks forced crossings of the Bug at a number of places. At one point, southeast of the city, the Soviet troops are reported to have crossed the river in large numbers.

Tonight's communique from headquarters announced that the Russians had forced the Bug in the region of Rechytsa (about 70 miles east of the city), this being a part of the Soviet movement to outflank the defenders of Warsaw and push on toward the Vistula.

The Poles counter-attacked and fierce fighting is continuing.

## ate of Poland Depends on Battle

By Associated Press Leased Wire  
Paris, Aug. 6.—Russian forces which have been attacking the Poles northeast of Warsaw for the purpose of cutting communications between that city and Danzig seem to have been checked for the time being, by a desperate defense of the Polish lines. Dispatches received here appear to indicate an improvement in the military situation in that sector of the front.

Observers are inclined, however, to look on the fighting near Brest-Litovsk, east of Warsaw, with some concern, as the Bolsheviks have massed large forces in an effort to break through there. It is felt that the outcome of the battle now being waged in that region may decide the fate of Poland.

## merican Aviators ight on South Front

Warsaw, Aug. 5, 8:35 p. m. (By Associated Press) Owing to the desperate situation on the front nearest Warsaw, the Kociuszko squadron, the first force composed for the most part of Americans, attached to the Polish army is being transferred from the southern front. The squadron will aid in the defense of the Polish capital.

The American consulate in Warsaw will be closed Friday and consul Ransel is making preparations to depart today night. Most of the records already have been shipped away.

The American legation here also is prepared to close within a very few days. The legation employees have shipped their baggage to Camp Rappe, the emergency headquarters of the American typhus expedition.

## Suspect Germany Is Helping Russians

By Associated Press Leased Wire  
London, Aug. 6.—While the actual military situation in Poland is not much clearer than it was yesterday, it is admitted to be critical.

Most newspapers express great anxiety over the situation this morning. Reports that the British government has already ordered the fleet to resume the blockade of Russia, which was partially raised last November, received great emphasis in some journals, but no official sanction is claimed for the statement. It is asserted that notwithstanding the fact that the cabinet has not yet considered the reply of the Soviet government relative to an armistice with Poland, it has been determined to send the Kameneff-Krassinn trade delegation back to Russia.

**Suspect Germany**

Moderate newspaper opinion reflects the impression that the tone of the reply is reasonable and cannot be objectionable in official quarters. A suspicion that Germany is acting in collusion with the Bolsheviks persists and it is not lessened by reports of the address made by Dr. Walter Simons, German foreign minister before the reichstag yesterday during which he declared Germany would seek to prevent the entente from sending troops to Poland.

## FOUR FARMERS OF LEE COUNTY GET PHOSPHATE

### Part of State Supply is to Go on Farms in This Vicinity

Four Lee County farmers so far are going to use car-loads of Rock Phosphate from the 50,000 tons contracted for by the Illinois Agricultural Association with the Tennessee mines. Orders from 38 counties have come in for 175 carloads. A total of more than \$400,000 has been invested in this fertilizer by Illinois farmers since March 1920.

J. R. Bent, Director of the Rock Phosphate Department of the Illinois Agricultural Association says that shipments have been going forward during July in nearly normal quantity despite the car shortage. Every effort has been made to so distribute the tonnage among producers and keep such pressure on the railroads as would facilitate the maximum shipments. As a consequence no shipment has been delayed more than the time specified. Every shipment is tested at the I. A. A. office at the mines and routed efficiently. Aside from the fact that the price of phosphate has been raised since the contract was made farmers are assured of a steady supply and are not having to wait from six to eight months for an order.

Meetings are being held in different counties in regard to the storage problem. In some cases several counties participate in one meeting. Most farmers feel that storage bins are absolutely essential to the extensive use of rock phosphate for they must take it as the mines dispose of it. Those who have already ordered their rock phosphate from this county are: C. R. Leake, Dixon; J. A. Long, Sublette; John Hoyle, Eldena; Conrad Pfeiffer, Paw Paw.

## Johnson's Charge Stirs up Jap Govt.

Tokio, Aug. 5.—(By Associated Press) The statement of Congressman Albert Johnson at Tacoma, Aug. 2, that thousands of Japanese are smuggled into the United States from Japan yearly, is giving evidences of a tendency to increase the feeling with regard to the United States created by the arrival of the recent American note and subsequent newspaper attacks against America.

Congressman Johnson has been recently conducting an inquiry into a statement saying that "details of coast. The foreign office today made Japanese situation on the Pacific scheme, as outlined by Mr. Johnson, appear fantastic and most improbable."

## Eight More Dates on Harding Porch

By Associated Press Leased Wire  
Marion, Aug. 6.—Eight more dates on Senator Harding's front porch calendar were announced today, and in addition his headquarters made public a list of delegations who have asked for appointments but have not yet been assigned.

The dates definitely set are scattered from next Monday to September 25, and it is expected that most of those on the waiting list will be given appointments within that period, leaving the last month of the campaign free from such speaking trips away from Marion as the candidate may decide to take.

## Turk Nationalists Open Drive on Greeks

The Greeks are confident, however, that they will be able to rout these forces of Mustafa Kemal Pasha.

## SUNDAY WILL BE A BIG DAY AT ASSEMBLY

### "Pussyfoot" Johnson, Mt. Morris Band and Other Features

**THIS EVENING.**  
7:00 p. m.—Sunset Service  
7:30 p. m.—Prelude, Girls' Quartet, Pyran Orphan's Home.  
8:00 p. m.—Danger Signals, Father John Palubicki.  
9:30 p. m.—Moving pictures.

**TOMORROW.**  
2:00 p. m.—Prelude, Orphan's Orchestra of Illinois Pythian Home.  
2:30 p. m.—Address, Thomas Williamson.  
3:00 p. m.—Grand Concert, Orphan's Orchestra, Girls' Quartet and Reader of Illinois Pythian Home.

By JOHN H. BYERS.  
Arrangements are now being made to handle the crowd Sunday when "Pussyfoot" Johnson, of London, Eng., will appear at the Rock River Assembly, at which time he will discuss one of the great problems of the day.

Johnson is an international character; he is a forceful speaker; he is filled with his subject. He went back to England soon after, or about the time the 18th amendment to our constitution was being considered by the congress of the United States, for the purpose of making that country "dry," or, at least to make plans there for a great "dry" campaign. But his trials and tribulations were many. In the campaign he lost an eye. Some college chaps "rode Pussyfoot on a rail" and in the scuffle he lost the sight of one eye and badly crippled the other. However, he kept on in his battle and sowed seed that in time will come forth doing much good.

Johnson is now doing chauntiqua work, and the local Assembly management are to be congratulated in securing his services.

Doubtless a large number of people will listen to "Pussyfoot" tell his story.

**Stockholders to Meet.**  
The annual meeting of the stockholders will be held Tuesday forenoon, August 10, at 10 o'clock in Bible Hall. It is expected that all stockholders will be present and participate in the meeting.

Dr. Seibert has opened his "book store" in chauntiqua hall where he will be pleased to meet his friends.

A large audience heard Rev. S. P. Long, of Chicago, pastor of the Wicker Park Lutheran church, deliver his lecture, "Lessons from the Great War." Dr. Long is a favorite with the Assembly patrons.

Dr. Long will preside over and address the Sunset services on the river bank at 7 o'clock this evening, his subject being, "A Vision of Victory—We Must See the Church of God."

## Pythian Girls Tonight.

At 7:30 o'clock this evening the Girls' Quartet from the Pythian Orphan's Home, Decatur, Ill., will give an entertainment lasting thirty minutes. At 8 o'clock Father John Palubicki, of Fullerton, Neb., will deliver his famous lecture, "Danger Signals." I believe all who hear Father John will return home feeling that they have been well paid for the evening. Father John is an orator, and he has an interesting story to tell. There are "Danger Signals" in this country and Father John has something good to say concerning them. At this time everyone feels that every subject which deals with America is well worth while.

Saturday forenoon will be a general visiting day for everyone, as the School for Religious Workers closed Friday noon. In the afternoon Thomas Williamson, of Edwardsville, Ill., will have a message for the patrons of the Assembly. One thing above everything else that Williamson possesses, is a splendid voice. The National Republican Committee selected Williamson for reading clerk during the recent National Republican convention in Chicago.

On Saturday evening the Girls' Quartet, of Decatur, Ill., will give an evening's program. While this company of young people have performed before large audiences, this is their first appearance at the Rock River Assembly. Their program is original and the numbers varied. There is not a dull moment in the entire performance.

## Mt. Morris Band.

For thirty minutes before the message by "Pussyfoot" Johnson, that crack band from Mt. Morris, Ill., will play a concert, and Sunday evening the band will have the entire evening to themselves. The organization is known as the Kable Brothers' band.

The word comes to us that this band can play. If that is correct, and have no reason to doubt, then Sunday evening will be one of the big evenings of the Assembly.

I desire to call your attention again to the fact that our own orchestra, the Dixon Symphony Orchestra will have full charge of the program next week.

## Dixon Legion Team Defeated at Picnic by Sterling Players

The Dixon American Legion base ball team was decidedly off its form in the game with the Sterling Post team at the big American Legion picnic at Mineral Springs park yesterday afternoon, and was defeated 11 to 1. The locals could do nothing with Duhm's delivery, while Sterling batted viciously. The Dixon boys gave Elliott rotten support in the opening innings and he retired in favor of Smith.

Four sparring matches, winding up with a bout between Bud McFadden, of Sterling, and an Iowa opponent, whom the Sterling boy put to sleep in the third round, vaudeville, quartet and band music, games and a feed were other features of the afternoon. The affair was attended by nearly two thousand men, probably over a hundred Dixonites being on the grounds.

## DENVER FEARS RESUMPTION OF FATAL RIOTING

### Clash of Strikers Last Night Resulted in Two Deaths

By Associated Press Leased Wire  
Denver, Colo., Aug. 6.—Fear that rioting by street car strikers, their sympathizers, and strike breakers, which last night resulted in the death of two and injury of thirty-four persons, would be resumed, was expressed in official circles today.

Citizens today were responding to a proclamation issued by Mayor Bailey calling for two thousand volunteers for patrol duty. The police were helped last night by the mob, which proceeded on its journey of destruction until it tired itself out.

Reports from hospitals today indicated the injured were making progress and most of them probably will recover. No attempt had been made up to 10 o'clock this morning to operate cars. Yesterday was the first day since Sunday (when the trainmen struck) that the tramway company was able to haul passengers. The cars were manned by armed strike breakers.

H. H. Tammen, one of the owners of the Denver Post, said today he could not estimate damage done by the mob to the Post plant.

"The town is without protection," said he.

The Post was issued as usual from its own plant today.

Strikebreakers at the South Denver car barns are today patrolling the yard in front of the barns with rifles on their shoulders. One hundred and fifty strike breakers were housed in these barns which the mob set on fire last night. The two fatalities occurred in a clash at these barns.

## Prepare for Trouble

In preparation for possible resumption of hostilities tonight the police today prepared to mount two machine guns.

Hundreds of sawed-off shot guns and army rifles were being assembled at police headquarters. Up to 11 a. m. more than 600 citizens had answered Mayor Bailey's call for volunteers.

## Concrete Pavement Completed This Morn

This morning at 9 o'clock the last of the cement on the Lincoln Highway between Dixon and Sterling was poured, completing the hard surfaced road between the two cities. Contractor Heapes has met with many reverses, being unable to secure material and other hindrances since the beginning of the work but has made rapid progress in face of these obstacles.

The fact that the cement work is completed does not mean that the road will be opened for some weeks yet as considerable work is to be done in building the shoulder and seeding it down, as well as allowing the cement to set and remove the equipment, which will probably require eight or nine weeks.

## Henry Bokhof Fell and Fractured Arm

Henry Bokhof, son of Dr. and Mrs. C. H. Bokhof, suffered a compound fracture of the left arm yesterday, when he was thrown from a horse. He was visiting with relatives near Durand, Ill., and was riding with his cousin, when the horse threw him suddenly with great force, fracturing both bones in the left arm just above the wrist. He was given temporary attention and was brought to Dixon when an X-ray picture was taken last evening to determine the extent of the injury. This morning the fractures were reduced at the hospital.

## COX TO CLOSE UP EXECUTIVE AFFAIRS SOON

### Plans to be Free for His Campaign by End of Week

By Associated Press Leased Wire  
Dayton, O., Aug. 6.—Democratic plans were gathering here today for the presentation tomorrow to the American electorate of a presidential nomination—Governor Cox, of Ohio. All was in readiness for the governor's formal notification, by Senator Robinson of Arkansas, who presided over the San Francisco convention and the candidate's address of acceptance.

Governor Cox hoped, during the presence of leaders here to settle campaign organization affairs, dispose of state and personal business and be ready, after his address tomorrow for unlimited campaigning until election day.

Among important early arrivals were George White, chairman of the Democratic national committee and Senator Harrison, of Mississippi, head of the speakers' bureau.

With Cox's acceptance address in type for tomorrow afternoon's newspapers, speculation increased today regarding the brief but important insert he has announced would be forthcoming tomorrow.

The governor is scheduled to begin tomorrow's address about 3 o'clock, several hours after newspaper publication of his address in most localities. The parade of visiting delegations, expected to aggregate about 15,000 is to start for the Montgomery county fair grounds about 1 o'clock.

Dayton, O., Aug. 5.—With his presidential nomination ceremonies only two days distant, Governor Cox, the Democratic candidate, was hard pressed today with preliminary details and closing up Ohio executive and personal affairs to be free for the campaign after next Saturday's event.

Many Democratic leaders, including George White, chairman of the national committee and Senator Harrison, of Mississippi, head of the speakers bureau were reported en route here for pre-nomination conferences.

Makeup of the special campaign committee and the speaking itineraries of Governor Cox and his running mate, Franklin D. Roosevelt, are the principal affairs remaining to complete the campaign organization.

An aggressive fight was announced yesterday by Governor Cox in his address at a picnic of local Democrats in which he declared the Democrats would be on the offensive and charged the Republicans with "ploughing around the stump" and pure and simple position of expediency groups.

The Governor also declared his acceptance speech would be so plain that it could be understood by school children.

Arrangements at the Montgomery county fair grounds, where the ceremonies will take place were well toward completion today.

## GANG OF BAD BOYS BROKEN UP BY POLICE

### "Red Devils" Admit to Several Robberies Recently

An organization of boys residing in the west end of the city, aged from 8 to 14 years and known as the Red Devils, was suddenly disbanded this morning when Chief Van Bibber, Officer Seagren and State's Attorney Leech opened an investigation. Several dollars worth of loot, consisting of fruit, gum, cigarettes and tobacco, was discovered hidden in their quarters and in other out of the way places. The full extent of the organization's operations was not being definitely learned.

The undoing of the order was brought about when the police received a report last night to the effect that the Leibohn grocery, the former taken. The officers suspected the west end gang and this morning Elmer Bisbee, aged 11 years, captain of the Red Devils, Willie Geiger, aged 14, sentinal, Elsie Maden, aged 10, and Earl Maden, aged 8, were taken to the station and made a confession. The boys said that they came down town yesterday and had gone to the rear of the Kramer store, intending to break into the basement. It was about 4 o'clock when they started activities, but fearing detection at the Kramer store, they decided to enter the Leibohn grocery. They told the police that they had gone to the Leibohn store Sunday afternoon about 4 o'clock, removed the putty from a pane of glass, removed the window and entered the store.

## Planned Second Trip.

Cigarettes and tobacco were taken and upon leaving, they replaced the pane of glass, intending to return again. Yesterday when the store was closed they paid a second visit. Aside from taking the above mentioned articles they also took between \$12 and \$15 in money which they found in a pocket of a pair of trousers belonging to F. Lonke. The greater part of the loot was recovered by the police this morning but in further questioning, it developed that other burglaries have been committed.

The barn in the rear of the John Hettler home on West First street, the boys admitted they entered several days ago, breaking open a trunk and appropriating a considerable amount of carnival equipment belonging to Mr. Hettler. The police are trying to locate these articles.

All of the boys have been implicated in other thefts within the past year. State's Attorney Leech is conducting an investigation and the Red Devils will probably be taken into the county court and sent to the boys' school at St. Charles.

## REHEARING OF LIQUOR CASES IE REQUESTED

### Supreme Court Asked to Again Pass on 18th Amendment

By Associated Press Leased Wire  
Washington, Aug. 6.—William D. Guthrie and Ellhu Root, counsel for Christian Eelganspan, a brewer of Newark, N. J., today filed with the United States supreme court a petition for reconsideration of the court's decision on June 7 sustaining the validity of the eighteenth amendment and parts of the Volstead enforcement act.

The petition contended that the eighteenth amendment was designed to deal exclusively with intoxicating liquors. Mr. Eelganspan in his original suit sought to prove 2.75 per cent beer non-intoxicating.

The latest petition pointed out the importance of the constitutional questions involved and declared that so far as ascertainable "there is no record of any modern case involving such vital questions being disposed of by a court of final resort without explaining its conclusions."

## MOB OF 4,000 SHOT UP WEST FRANKLIN, ILL.

### Wild Disorder Results in Foreigners Being Driven Out

By Associated Press Leased Wire  
West Frankfort, Ill., Aug. 6.—Following a night of rioting in which five persons are believed to have been killed and scores injured, comparative quiet was restored here today. Approximately 5,000 foreigners against whom the rioters directed their attack, had left town, and this coupled with the arrival of 150 militiamen of the Ninth Illinois Infantry, tended to bring about order.

The troops were stationed in sections of the town, principally in the suburbs, to protect the property abandoned by those of exotic birth, and in-doned by the fugitives.

**Foreigners Beaten up**

Emphatic instructions that all crowds be dispersed immediately were given the militiamen. Witnesses to the rioting said that foreigners were beaten into insensibility. Many were stoned and trampled upon. A press censorship was established so that it was impossible to get any direct information of the disturbances until the rioting abated today.

The trouble followed the finding of the bodies of two youths, Tonye Hemphill and Amil Calcestra, in a dry creek bed near Royaltown. The youths had been heard to say they had knowledge of the identity of a band of men believed to have committed a number of robberies in southern Illinois recently. Their deaths, it is believed followed a threat they are reported to have made to divulge what they knew.

Public indignation was aroused following the arrest of Bettino De Sennis, in connection with the murder of a woman at Marion, where De Sennis was incarcerated but county officials had been advised of the mob's approach, and they spirited the prisoner away.

Feeling against the foreigners was intensified when two other men believed to be Sicilians were arrested, charged with the murders.

A number of homes were burned and a pool hall was wrecked. The mob at its height, numbered about 4,000 men. Foreigners fled in all directions, taking what articles of property they could with them.

The rioting proper got under way shortly after ten o'clock last night and continued to nearly day break. At times the mob split up in sections and it was reported that some divisions of the mob drove foreigners into nearby woods. What followed could not be learned.

## Fifty Homes Fired

The homes of about 50 foreigners were fired and the residents were clubbed and mauled as they emerged from the burning buildings to escape death by incineration.

Troops arrived shortly before 9 o'clock this morning. The militiamen were under command of Major W. E. Satterfield of Mount Vernon and were members of Company B, of McLeansboro, Company L, Salem, and Company K, of Mount Vernon. Two companies from Cairo are enroute here, it was reported.

## DICKSON TO SCENE.

Dickson, commander of the Illinois militia is on his way to West Frankfort, to take personal charge of the militiamen sent there, according to information from his office this morning. ## MOB CONTROLLED CITY.

By Associated Press Leased Wire  
St. Louis, Mo., Aug. 6.—With at least three men believed to have been killed, many injured and the homes of foreigners throughout West Frankfort, Ill., destroyed by incendiary fires, rioting which started there yesterday following a double murder, continued unabated today according to reports from towns near the scene of the trouble.

These advices indicate that only intervention by state militia which has already been ordered to West Frankfort will quell the disorder.

A mob estimated to number more than 3,000 has controlled the situation there for the past 24 hours, according to reports, after being frustrated in an attempt to get hold of three suspects, one a Sicilian held in connection with the murders. A photographer who attempted to take pictures of the scenes of rioting was picked to death, according to reports, and either two or four foreigners are said to have been beaten to death, reports of the number varying.

A general exodus of foreigners is (Continued on Page 2)

## Today's Market Report

(By Associated Press Leased Wire.)

### GRAIN MARKETS ADVANCED ON MORNING TRADE

By Associated Press Leased Wire  
Chicago, Aug. 6.—Sharp new advances in the price of wheat resulted today from continued anxiety over the likelihood of war between Great Britain and Russia. Prolonged dry weather in the corn belt threatening serious crop damage tended further to identify bullish sentiment. On the other hand reiterated assertions that the British royal commission was still out of the market as a buyer of wheat had no apparent influence as a check on the upturn in values. Opening prices, which ranged from 2 1/4 to 5 1/4 higher, with Dec. 2.43 to 2.45 and March 2.46 to 2.47 1/2, were followed by additional gains for December.

Bulls in corn made much of the fact that aside from the war scare and the unsatisfactory crop outlook the daily receipts of corn were less than current requirements. After opening 1/4 to 3/4 higher, including Sept. at 1.48 1/2 to 1.51 and December 1.29 to 1.29 1/2, the market continued to ascend.

Oats mounted with other grain, starting 1/4 to 1 1/2 up, Sept. 74 1/2 to 75 1/2 and later hardening still more. Higher quotations on hogs as well as on cereals lifted provisions. Buyers, however, were scarce.

## EASTERN DEFENSE OF WARSAW PIERCED BY ADVANCING RED ARMY

(Continued from Page 1.)

### Russia "Explains" Armistice Delays

By Associated Press Leased Wire  
London, Aug. 6.—Leo Kamenoff, of the Russian Soviet delegation here has given Premier Lloyd George the Soviet government's reply to Great Britain's note of Tuesday with regard to the delay in armistice negotiations between Russia and Poland.  
M. Kamenoff's statement declares the Soviet government demands that terms of the armistice include reasonable guarantees which would prevent attempts on the part of Poland to use the period of the armistice for the renewal of hostile acts.

The sole obstacle in the way of the beginning of negotiations for the suspension of military operations, says the note, is the absence of the Polish delegates whose return is being awaited by the representatives of the Soviet government in order that negotiations may be immediately opened.

The note continues:  
"The Russian Soviet government again declares that it is firm in the recognition of the freedom and independence of Poland and its willingness to grant to the Polish state wider frontiers than were indicated by the supreme council."

The note insists that "direct negotiations with Poland for peace would serve the interest both of the Russian and Polish peoples" in opposition to the British view that negotiations should be between the Soviet government and the allies.

### DENY AGREEMENT

By Associated Press Leased Wire  
Paris, Aug. 6.—Reports emanating from London that Germany and the Soviet government of Russia concluded an agreement relative to Poland before the beginning of the Soviet offensive against that country are denied by the semi official Wolff news bureau, according to a Berlin dispatch.

### FEAR FOOD FAMINE

By Associated Press Leased Wire  
Berlin, August 5.—Refugees reaching the frontier of East Prussia from the Poles. The retreating armies are shortage in territories evacuated by Poles are reporting an acute food said to have taken all the grain and food they could find. Although crops in Volhynia are far below the average, grain is being requisitioned by the advancing Soviet armies, and it is feared that famine in western Russia will force a large number of people to flee into Germany.

## SUNDAY WILL BE BIG DAY FOR PATRONS OF ROCK RIVER ASSEMBLY

(Continued from Page 1.)

Monday evening. Of course, there will be a large audience on hand to greet this splendid musical organization.  
The School for Mission begins a week's session Monday morning, with Miss Hallie Hill, of New York City, as leader.

### Assembly Notes.

Mr. and Mrs. Frank Davis, of Davenport, Iowa, Mr. and Mrs. William Jamison, of Sterling, and Miss Barbara Beckwith, of Sterling, were Wednesday afternoon guests of Mr. and Mrs. E. B. Vanhorne and Mr. and Mrs. C. W. Tennant, who are camping here, and are from Sterling.

Dr. S. P. Long, who has been here for the past week, will leave early Saturday for the east visiting his daughter in Philadelphia and after a few days in that city he will go to Dallas, N. C., where he will address a large Sunday school convention.

Miss Anna Marie Worthington was an over night guest of the young ladies at the "Seldom Inn Camp."

The Jubilee Singers left early this morning for Rolf, Iowa, where they appear tonight.

The Perry Brothers, of Polo, are visiting at the Assembly for a few days.

The largest audience of the session greeted the Jubilee Singers last evening at their closing program. For two hours these vocalists from the southland kept the audience entertained and in splendid humor. All the specialties were excellent. The cartoon work of Louis Morris was clever and added much to the program. On the whole the Buckner organization pleased much better than any similar organization appearing at the Assembly.

## Shock-Absorbers For False Teeth

Cleveland, May 1.—Non-Skid Shock Absorbers for false teeth are the latest thing. Heretofore the principle of shock absorbers has been limited in application but now a Cleveland chemical concern advertises a powder which sprinkled upon "store teeth," forms a smooth cushion, holds them firmly in place, and gives a "non-skid" effect while they romp over the toughest roasting ears of corn and chew the stickiest candy.

One who has lost his natural teeth can supply himself with this antiseptic, adhesive comfort powder—Corega—at a drug store, and proceed to laugh and sneeze, crack nuts and do other hazardous things without risk of shaking his prized false teeth from their upper and lower berths. 35c at druggists.—Adv.

PLENTY OF SALT

Thank goodness there has been no  
shortage of salt! Knock on wood a  
hundred times! Here are only a few  
of the uses to which salt is put:

Used in sweeping carpets to keep  
out moths.

Thrown on coal fire which is low,  
will revive it.

Salt in whitewash makes it stick.  
Put on ink when freshly spilled on  
a carpet will remove stain.

Salt and soda excellent for bee  
stings and spider bites.

Salt and vinegar will remove stains  
from discolored teacups.

Salt puts out a fire in a chimney.

In oven under baking tins will  
prevent their scorching on bottom.

In water is the best thing to clean  
willowware and matting.

As a gargle will cure soreness of  
throat.

Brown on coal fire when broiling  
steak will prevent blazing from drip-  
ping fat.

On fingers when cleaning fowls,  
meat or fish, will prevent slipping.

Used to season practically every  
meat and vegetable.

Salt is indispensable. Let us  
hope old Father Neptune and Mother  
Earth will forgive the quarrels and  
strifes on earth and will allow no  
"shortage" of salt.

BIGGEST OF ALL

What's the biggest industry in this  
country?

Steel? Railroads? Mining? Man-  
ufacturing?

None of them?

The greatest of all American indus-  
tries is the growing of food.

If all the farmers in the United  
States should decide to go out of busi-  
ness, sell their farms at present val-  
ues, dispose of the crops they will  
raise this summer, they could take  
the proceeds and buy all the railroads,  
all the mines, all the manufacturing  
establishments, and all the quarries in  
the 48 states.

American farmers could take their  
annual gross income (what they get  
for one year's crops) and pay off the  
entire national debt, something like 25  
billion dollars. The total investment  
in agriculture amounts to about 80  
billion dollars.

Yes, indeed; the American farmer  
is a pretty large personage, financial-  
ly as otherwise. Beside him the Steel  
Trust and the oil monopoly and Wall  
Street sink into insignificance.

BRINGING UP FATHER.

Such is Life

Gather 'round, children, if you  
would be introduced to—not your  
country cousins—but no relatives who  
are a bit more distant.

The relationship traces back to the  
days when your great-grandmother  
used to be afraid to stay in her cabin  
alone on account of these very same  
relatives.

These little fellows very seldom visit  
the city. There are too many pol-  
ice-men walking around. (And that's  
the first time that's been said about  
the police force in a long, long time.)

Remember when your daddy called  
you a wild little Indian? Well, you  
can thank Tail-In-The-Face and  
Chills-Up-The-Back for that. Way  
back there, when they used ponies in-  
stead of automobiles, all little boys in  
America were really and truly wild lit-  
tle Indians.

They lived in the open and didn't  
have to put on a clean suit every time  
company came to dinner. No, siree!  
It was a whole lot easier just to take  
off one feather and put on another  
one. Or maybe turn around the bear-  
skin belt they wore and use the back  
for the front and the front for the  
back.

Many's the time Chills-Up-The-  
Back only took a second to tug out  
for the arrival of the chief of some

neighboring band of Indians. He  
merely had to slip a couple of blue  
feathers into the place where the  
white ones had been.

What a difference, children, in the  
way you get dressed up today. And  
a whole lot more bother, too. Mother  
has to wash your face, change your  
waist, darn that hole in your stock-  
ing and put new laces in your shoes.

Your distant relatives seldom wash  
ed their faces. Living in the sun-  
light all the time, they got so tanned  
the dirt didn't show. And it was fool-  
ish for them to buy new shoelaces.  
They didn't have any shoes. Oh, yes!  
They wore something on their feet—  
moccasins, made from animal skins.  
Hail-In-The-Face used to delight in  
going out and shooting himself a pair  
of oxfords!

As to caps, our little relatives were  
about as economical as possible.  
When their "dresses" wore out, they  
merely took the feathers, made a fan  
out of them, and stuck it in the back  
of their hair. And behold! A bright,  
snappy looking top-piece.

The next time mother steps out with  
dad, notice the hat she wears. It prob-  
ably has some feathers in it. Well,  
she got the hunch from Hail-In-The-  
Face and Chills-Up-The-Back.

Your Indian relatives had a won-  
derful time during the recent Fron-  
tiers Day celebration at Cheyenne,  
Wyo. And you can believe they are  
pretty wise little relatives.

When they were asked to pose for  
this picture, to show you just how  
healthy the outdoor life makes them,  
one said he'd let the picture be taken  
—if somebody gave him a quarter.

"Distant relatives, but goodness, how  
they have kept up with us on money  
matters!"

OF THE TWINS

Scramble Squirrel a Prisoner.  
"Ah, Ha!" exclaimed Tingaling when  
Mrs. Squirrel told him that Scramble,  
her husband, had got so fat she  
could n't get into her own house. "If  
that is the case, why don't you go in  
and let him stay out. That's what  
Mrs. Tingaling did when I gained so  
rapidly. She said I was ruining the  
bed-springs, so she put me in a ham-  
mock in the back yard." "And daddy  
often sleeps outside in our tent when  
doorway is just wide enough. Be-  
cause if my whiskers will go in with-  
out touching at either side, my body  
will go in nicely, too."

Just then they heard an awful sigh, and turning they beheld Scramble himself.

It's hot. Once he let Nancy and me  
sleep there, too!"

"Humph!" snorted Mrs. Squirrel,  
don't you s'pose I'd let Scramble sleep  
out and live out, and stay out only  
too gladly! There's just one trouble.  
I can't get him out."

"Goodness!" cried Tingaling.  
That's funny! Why, I remember  
particularly that when he took the  
place and signed the lease, he mea-  
sured the doorway with his whiskers.  
He says, says he: 'Mr. Tingaling, this

nearly the entire stock at one meal,  
never noticing that his sides were  
getting like watermelons. When he  
did discover what had happened, it  
was too late! He couldn't get out of  
the house! He stuck tight every time  
he tried."

Just then they heard an awful  
sigh, and turning they beheld Scram-  
ble himself, or rather his head, gaz-  
ing wistfully at them from the door-  
way.

FAINTING.

Fainting is a condition of suspend-  
ed animation associated with a great  
diminution of blood in the brain and  
unconsciousness caused by sudden en-  
feeblement of the heart's action.

Fainting may be the result of dis-  
ease of the heart, hemorrhage, pain,  
excessive emotion, tight lacing, indig-  
estion, hunger, exhaustion, hot and  
ventilated air, and many other causes.  
Before the stage of unconsciousness  
reached, the person affected experi-  
ences a weak sinking feeling with diz-  
ziness, dimness of vision and roaring  
in the ears. The face and extremities  
become cold and clammy.

The stage of unconsciousness may  
last a few seconds or an hour or more,  
depending upon the cause. During  
this period, the pulse is weak and al-  
most lost, and the respiration is very  
shallow or may apparently cease.  
Fainting is of very common occur-

NEWSPAPER MAN  
GIVES OUT FACTS

"I Know What It Will Do  
For I Have Tried It,"  
Says S. O. Fink

"I have put Tanlac to the test and  
know that it can be depended on,"  
was the statement made recently by  
S. O. Fink, well-known newspaper  
man in the circulation department of  
the Fort Wayne News and Sentinel  
and residing at 603 Huffman St., Fort  
Wayne, Ind.

"For more than a year I had been  
in bad health," he continued, "and  
then last fall I had a severe attack of  
the 'flu' which left me in a worse  
condition than ever. Everything I  
ate hurt me and often I wasn't able  
to keep anything down. My liver  
and kidneys also were badly disorder-  
ed and I had terrible pains across my  
back. I had a dull headache nearly  
all the time and often I became so  
dizzy I had to sit down. My sleep  
was always restless and when morn-  
ing came I was all fagged out and  
felt that I didn't have any strength  
or energy left."

"One day not long ago one of my  
friends suggested that I try Tanlac.  
I took his advice and my appetite pick-  
ed right up, the indigestion began to  
leave me and I was soon able to eat  
anything I pleased without any bad  
after effects. My liver and kidneys  
are now in fine condition and the  
pains have all gone from my back.  
I don't know what it is to have a  
headache or dizzy spell now and at  
night I sleep as sound as I ever did."

Tanlac is sold in Dixon by the Pub-  
lic Drug and Book Co., and by the  
leading druggist in every town.

LEE CO. FARMERS TO HOLD BIG PICNIC AT AMBOY IN SEPTEMBER

Other Useful Information is Given in Current Bulletin of Bureau

A current bulletin of the Lee County Farm Bureau is replete with useful and timely information to all of the farmers of this community. The bulletin is:

**Railroad Situation**  
The present car shortage presents a very serious problem in handling the new grain crop. With threshing season at hand there seems to be little relief in sight.

In talking with a number of elevator managers, bankers and farmers it would seem that the situation might be relieved somewhat if as much grain as possible can be stored on the farm. This will have a tendency to distribute the shipments of grain and should help to stabilize prices to some extent. It will also relieve the money situation, and those farmers who do not need immediate returns will do well to hold the grain where possible, but if they sell, to delay asking for returns until payment is received by the elevator companies. Most elevator companies will be willing to pay interest for money so handled.

**Farmers' Picnic**  
At the last meeting of the Executive Committee it was decided to plan for a farmers' picnic the first half of September, and at this time it is hoped to get one of the finest crowds out that ever attended a farmers' picnic in Lee County. The best of entertainments are being planned for, and the committee will appreciate any suggestions you have to offer. Tell us your ideas of what a good picnic should be.

**State Picnic Illinois Assn.**  
The I. A. A. will hold its annual picnic with the Sangamon County Farm Bureau, Wednesday, September

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quart of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

JAMES R. KELLY AMBOY, ILLINOIS

Republican Candidate FOR STATES ATTORNEY TO THE VOTERS OF LEE COUNTY Your support is invited and your vote will be appreciated.

1 near Springfield, Illinois. Each county is asked to send 2 men to represent the county in a State Horse-shoe Contest. Some of the champions on horsehoe throwers in Lee County will do well to practice up and enter the contest.

**Freepoint Grain Hearing**  
This meeting which was held on July 6, was attended by a number of Lee County men including: S. L. Shaw, Lee Center; F. D. Gehent, and Geo. Thier, W. Brooklyn; F. M. Blowers, Sublette; F. D. Lahman, W. L. Riegle and Manager Hughes of the Farmers Elevator Co., of Franklin Grove; Peter Hoyle and Henry Shipper of Eldena; and L. S. Griffith of Amboy. There may have been others in attendance from Lee County but this is the list we have made up. The meeting was attended by something over 100 farmers, elevator men and bankers of this congressional district, and the meeting was very interesting through. The general plan of the Grain Marketing Department of the Illinois Agricultural Association was outlined which includes the further organization of cooperative grain elevators wherever farmers are interested in such an organization, they are to be well financed in order to handle the business of the community, the grain to be shipped the shortest and least expensive route from the point of production to the point of consumption, excluding all except the essential expense to establish clearing houses or brokerage houses to begin operation as soon as enough of the farmers' elevators already established and those to be established warrant success. The clearing houses to function between the lines of least resistance.

**Special Fair Attraction**  
The Farm Bureau and Lee County Fair Association have arranged to have Wm. P. Newell of Washburn demonstrate his spectacular methods of horse training at the Lee County Fair, August 17-18-19-20. He will hitch green colts, the greener the better and show how to handle them without using any "tough stuff". The Farm Bureau wants a dozen green colts for Mr. Newell to train. Here is a chance to have some one to start your green colts on the right track. Call or write the Farm Bureau office if you have one or more colts you can bring. We will take the matter up with you further.

**Hog Diseases**  
Watch carefully for outbreaks of Cholera or other diseases among your hogs. Call a veterinarian at once if hogs seem to be coming down with disease. We will get in touch with your trouble without any expense to you if you will notify this office at once. Hog men realize more fully each year that treating with good serum and virus properly administered before a hog is diseased is a safe way of immunizing against cholera. Sanitation is one of the most important factors in maintaining a well herd. Lots should be changed often, and the buildings and pens thoroughly disinfected.

**Shipping Assn. Managers**  
Troy Rhinehart, phone Dixon, 811 (phone is in name of John Hoyle) has been appointed shipping manager at Eldena and Dixon. Mr. Rhinehart is a live wire and will take care of the shipping at these two places in good shape. Notify him when you wish to ship stock.

Jesse Morris at Wausong will take care of the cooperative shipments from that place. He has no phone at present but stock for shipment may be listed by calling the I. C. Depot thru Polo.

Cooperative shipments have included 87 cars of cattle, hogs and sheep since the Lee County Shippers' Association was organized in February. The number of cars and value of stock shipped is as follows:

No. Cars	Value
Hogs	56.....\$132,656.80
Cattle	15.....24,328.26
Sheep	2.....1,623.26
Mixed stock	14.....32,138.79
Total	87.....\$190,947.02

This does not include a number of cars from one shipping station that have not been compiled. Neither does it include cooperative shipments which have been made from Pew Paw for a year or more.

Get in on the cooperative shipments from your station. If no manager has been appointed take the matter up with this office or with C. M. Finch, County Manager at Amboy.
